Staff Report

Report To: Council Meeting
From: Robert Brown, Planner
Date: 2022-07-13
Subject: Zoning By-law Amendment Application D 14 10-2022 – Recommendation Report (Planning Report 2022-28)

Recommendation:

That West Elgin Council hereby receives the report from Robert Brown, Planner regarding Zoning By-law Amendment Application D14 10-2022 – 26661 Silver Clay Line Recommendation Report (Planning Report 2022-28); and

That West Elgin Council approve the rezoning of 26661 Silver Clay Line from General Agricultural (A1) Zone to Agricultural (A2) and Rural Residential (RR) Zone, in accordance with the attached draft by-law; and

Further that West Elgin Council consider the by-law to amend the Zoning By-law, as presented in the by-law portion of the July 21, 2022, Council Agenda.

Purpose:

The purpose of the Zoning By-law Amendment is to consider a condition of Consent Application E33-22, by rezoning the retained farmland parcel from General Agricultural (A1) Zone to Agricultural (A2) Zone, in order to prohibit any future dwellings, and by rezoning the severed surplus farm dwelling parcel from General Agricultural (A1) Zone to Rural Residential (RR) Zone, in order to recognize the new surplus farm dwelling lot being created.

Background:

Below is background information, in a summary chart:

Application	D 14 10-2022 (condition of E33/22)
Owner	Larch Lane Farms Ltd.
Applicant	Peter L. Dieleman
Legal Description	North Part Lot of 24, Concession 12
Civic Address	26661 Silver Clay Line
Entrance Access	Silver Clay Line
Water Supply	Municipal water service (to severed)
Sewage Supply	Private on-site individual septic system (on severed)
Severed Parcel	0.3 ha (0.73 ac)
Retained Farm Parcel	22.43 ha (55.42 ac.)

Figure One below, depicts the subject lands:

The surrounding land uses are as follows:

- North: Silver Clay Line, Agricultural beyond that;
- East: Dunborough Road;
- South: Agricultural; and
- West: Agricultural.

The zoning sketch, depicting the surplus farm dwelling lot creation (E33-22 application), is attached to this report as Appendix One for reference purposes.

Council may recall that Planning Report 2022-21, went before Council on June 9, 2022, to authorize comments to the County of Elgin on the consent application, E33-22 and provided planning analysis for the proposed surplus farm dwelling lot creation in relation to the applicable policies.

Financial Implications:

Application fees were collected in accordance with the Municipality's Fees and Charges By-law, as amended from time to time. The severance may result in a minimal increase in assessment.

Policies/Legislation:

Planning authorities must have regard to matters of Provincial interest, the criteria of the *Planning Act*, be consistent with the Provincial Policy Statement (PPS) and does not conflict with Provincial Plans. Within the Municipality of West Elgin, they must also make decisions that conform to the County of Elgin Official Plan (CEOP) and Municipality of West Elgin Official Plan (OP) and make decisions that represent good land use planning.

PPS:

The subject lands are within the Agricultural area (Section 2.3). The proposed retained parcel would be rezoned to prohibit a dwelling through the zoning by-law amendment, in accordance with Section 2.3.4.1(c) of the PPS. The proposed new land uses comply with the minimum distance separation formulae, in accordance with Section 2.3.3.3 of the PPS.

No development is proposed within the natural heritage (Section 2.3) and natural hazard (Section 3.1) portions of the property.

This proposed Zoning By-law Amendment is consistent with the PPS.

CEOP:

The subject lands are designated Agricultural Area on Schedule 'A' Land Use in the CEOP. Section E1.2.3.4 b) of the CEOP permits the creation of new lots provided the local Official Plan supports their creation and if the lot is to be created to accommodate a habitable residence that has become surplus to a farming operation as a result of a farm consolidation provided that the development of a new residential use is prohibited on any retained parcel of farmland created by the consent to sever.

No development is being proposed as a result of the zoning by-law amendment adjacent to any Natural Heritage areas (Section D1.2) on the subject lands.

Therefore, this proposed Zoning By-law Amendment conforms to the CEOP.

OP:

The subject lands are designated as Agricultural, as shown on Rural Area Land Use and Transportation Schedule 'E' of the Official Plan.

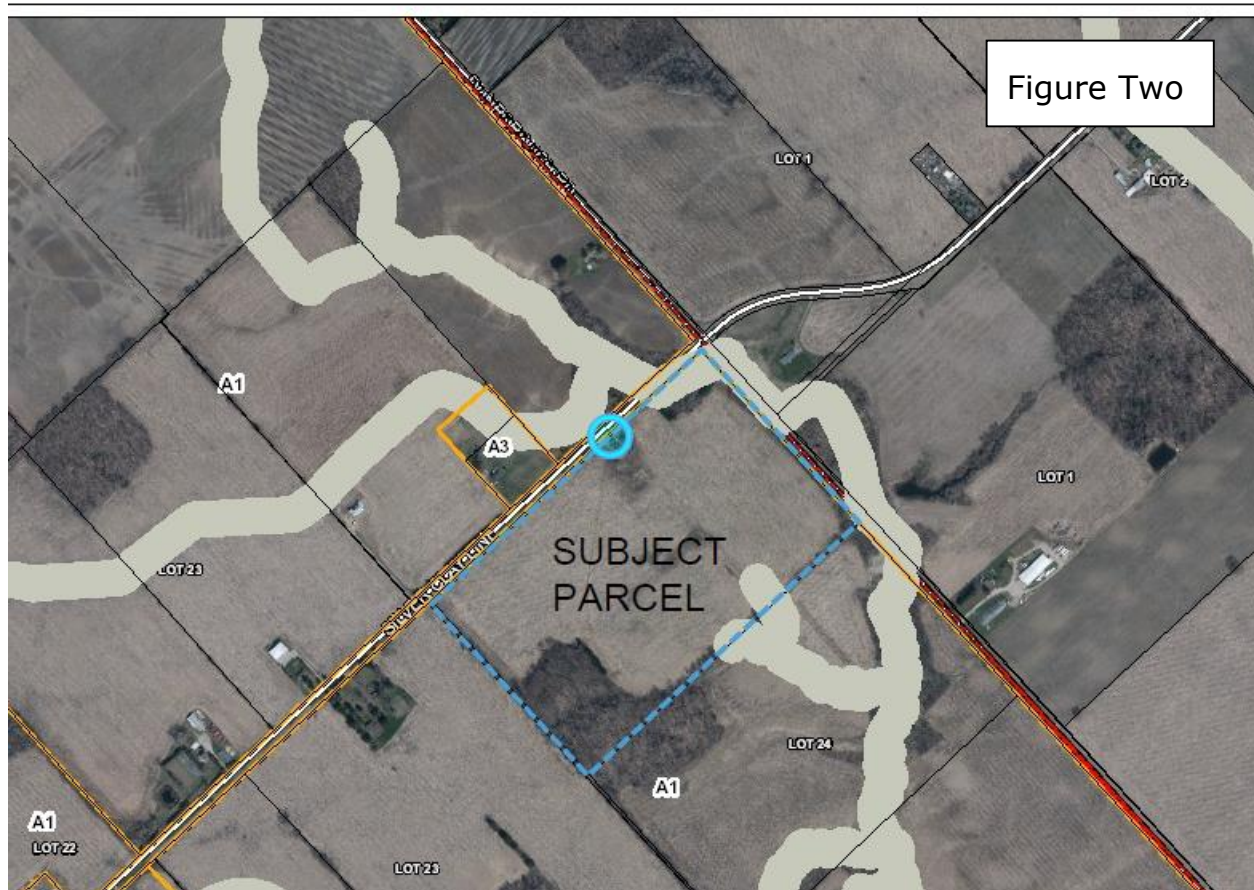

The agricultural land use policies, under Section 6.2 of the OP, permit a farm dwelling on the farm operation. Section 6.2.9 policies of the OP, state that the creation of a lot for the purposes of disposing of a dwelling considered surplus as a result of farm consolidation, being the acquisition of additional farm parcels to be operated as one farm operation, shall be considered provided no new or additional dwelling is permitted in the future on the remnant parcel which shall be ensured through an amendment to the Zoning By-law.

Therefore, this proposal conforms to the OP.

Municipality of West Elgin Comprehensive Zoning By-law 2015-36 (ZBL):

The subject lands are zoned General Agricultural (A1) on Schedule A, Map 72 of the ZBL, as depicted in Figure Two below.

ELGIN MAPPING 26661 Silver Clay Line

The severed parcel will need to be rezoned to implement the proposed lot creation, by rezoning it to the Rural Residential (RR) Zone, as a condition of approval. The Rural Residential (RR) Zone has a minimum lot area of 2000 square metres and a minimum lot frontage of 30 metres respectively.

The proposed retained parcel would need to be rezoned to the Agricultural (A2) Zone, in order to prohibit any future dwellings on the farmland.

A draft of the zoning by-law amendment to be considered is appended to this report for reference purposes.

Therefore, the proposal for the surplus farm dwelling lot creation would be in compliance with the Zoning By-law, subject to the requested Zoning By-law Amendment.

Circulation Of The Application:

The application was circulated to the applicable commenting agencies and neighboring property owners within 120 meters of the subject lands on June 30th, 2022, 21 days prior to the public meeting (minimum 20 days required).

Municipal Department Comments:

The zoning by-law amendment application was circulated to municipal staff for comment. No comments were received as comments were provided for the associated consent application and have been incorporated into the consent conditions (if required).

Agency Comments:

The zoning by-law amendment application was circulated to the Agencies for comment. The following comments were received:

Lower Thames Valley Conservation Authority

The Conservation Authority comment from the consent application remains unchanged.

No additional comments have been received from other agencies.

Public Comments:

At the time of subject of this report, no written comments from the public have been received related to the zoning by-law amendment.

Summary/Conclusion:

Therefore, it is Planning Staff's opinion that the proposed Zoning By-law Amendment is consistent with the PPS, conforms to the CEOP and conforms to the OP; and recommends that the request for Zoning By-law Amendment be approved, subject to no concerns being raised through any oral and written submissions being received since the writing of this report and at the public meeting.

Once a Council decision is made, Notice will be sent to those who have requested a copy and/or attended the public meeting or provided written comments.

There will be a 20 day appeal period after the Notice is sent out. Any appeals received by the Municipality of West Elgin will be forwarded to the Ontario Land Tribunal (formerly the Local Planning Appeal Tribunal) for a hearing, in accordance with the Planning Act.

Staff Report

Report To: Council Meeting
From: Jeff McArthur, Fire Chief
Date: 2022-07-21
Subject: 2023 Bunker Gear Order

Recommendation:

That West Elgin Council hereby receives the report from Jeff McArthur, Fire Chief re: 2022 Bunker Gear order; and

That West Elgin Council hereby approves the pre-budget ordering of six sets of Bunker Gear from A.J Stone for a total amount of \$ 17,628.00 plus applicable taxes.

Purpose:

To inform Council of current and upcoming bunker gear requirements, and of continued extended wait times for orders.

To seek Council approval for a pre-budget order for 2023 bunker gear.

Background:

NFPA Standards recommend bunker suits are replaced by, or before, ten years from date of manufacture. This is widely accepted and practiced throughout Ontario.

Due to ongoing long order wait times and tight bunker gear supplies, staff is recommending that we order six sets of bunker gear immediately, for a targeted delivery timeframe of Spring 2023 from AJ Stone. A similar order was placed in the Summer of 2021 with the bunker gear arriving in the Spring of 2022.

The expected bunker gear needs for the next five years are included in this report. Going forward, it is recommended that funds are budgeted each year for bunker gear replacement to avoid an abnormally high expense in 2031, to replace the 20 sets of bunker gear purchased in 2021. This regular replacement schedule will also accommodate for growth in the firefighter roster when necessary.

<i>Year</i>	<i>Expected # of Bunker Suits Required</i>
2023	6
2024	5
2025	3
2026	3
2027	3

Financial Implications:

This proposed order requires pre-budget approval. This cost will not be incurred until the bunker gear order is delivered in 2023. West Elgin is participating in a joint order with other Elgin County Fire Departments, to achieve a 9% bulk discount.

The bunker gear specifications are identical to the past two bunker gear orders, however, there has been an approximate 15% price increase.

Date: 2022-07-21

Subject: Monthly Operations Update – June 2022

Recommendation:

That West Elgin Council hereby receives the report from Lee Gosnell, Manager of Operations & Community Services for information purposes.

Purpose:

The purpose of this report is to provide Council with an update on operations carried out during the month of June 2022.

Background:

Utilities

- Staff investigated and repaired a leaking water line at the Port Glasgow Trailer Park
- Crews repaired a water service on Munroe Street in West Lorne
- Crews completed curb box repairs on Talbot Line in Eagle
- Co-ordinated drywall repairs in the West Lorne Library
- Locates staying very busy with all the summer construction
- Utilities supervisor reviewing development drawings and providing requested information to developer's engineers.

Public Works

- The addition of maintenance gravel was completed on specified municipal roads
- Grading was finished and brine was applied to remaining roads. A few areas that were done early in the season are showing some signs of dust, but this is due to the extreme dry conditions through the month and should improve once moisture is received.
- First round of grass cutting was completed on all roads in the municipality and further mowing operations will continue into July.
- Public works staff worked with the arborist to remove multiple trees which were identified as dead or dying, and one on Fleming Line that was considered dangerous.
- All stumps from tree removal were ground and yards were rehabilitated with topsoil and grass seed.
- Rehab operations took place Kearns Pit 3 during the month of June
- Crews completed bridge washing operations early in June and inspection reports were forwarded to Elgin County for review.
- Public Works staff assisted with removal of flower baskets in Rodney due to safety concerns with the brackets, and installation of Canada Day banners

Parks and Recreation

- Grass cutting was busy early in June but slowed down towards the end due to dry conditions.
- Staff continued to maintain fields for soccer and baseball.
- Flower watering continued at hanging baskets and all locations in Rodney and West Lorne as specified by the horticultural societies.
- Parks staff built a flower bed around the fish cleaning station, planted flowers, and installed the Havens family donation plaque.
- New parks employee, Matt Ross, started in June and is settling in well.
- The splash pad opened the beginning of June and has been well used during the hot days
- Regular cleaning duties carried out at the Rec Centre, Marina beach/washroom and Miller Park washrooms
- The pool was cleaned, and startup procedures completed. A new Variable Frequency Drive (VFD) was installed on the pump and is working well. This reduces operating pressure, which is easier on all components and reduces hydro costs.
- The pool opened for public swims on June 27 with 4 guards and 1 admin assistant. Swimming lessons will be offered for 8 weeks beginning in July.
- Sports Literacy programming was cancelled in West Lorne June 7 due to bad weather but ran in Rodney on June 9 and focused on the fundamentals of throwing. Sports Literacy will be paused until fall as the libraries will be holding their summer reading program.
- Youth Fitness in Rodney Park started on June 21 with 13 participants registered. This program will continue for 6 weeks and wrap up the end of July.

Staff Report

Report To: Committee of Adjustment
From: Robert Brown, Planner
Date: 2022-07-14
Subject: Severance Report - 8577 Furnival Road (E43-22)

Recommendation:

That West Elgin Council hereby receives the report from Robert Brown, Planner regarding the severance application, E43-22 – Comments to Elgin County (Planning Report 2022-29);

And that West Elgin Council hereby recommends approval to the Land Division Committee of the County of Elgin for the severance application, File E43-22, subject to the Lower-Tier Municipal conditions in Appendix One of this report;

And further that West Elgin Council directs Administration to provide this report as Municipal Comments to the County of Elgin.

Purpose:

The purpose of this Report is to provide Council with recommendations related to authorizing municipal comments to the County of Elgin regarding County of Elgin Severance Application E43-22, as Elgin County is the planning approval authority for severances.

The purpose of the application is to facilitate lot reconfiguration involving three parcels located at the south end of Furnival Road and east of Douglas Street.

Background:

Below is background information, in a summary chart:

Application	E43-22
Owner	Norm Miller
Applicant	Zelinka Priamo Ltd.
Legal Description	Part Lot of 6, Concession 14 & Pt. Part 1, RP 11R 9044
Civic Address	8577 Furnival Road
Entrance Access	Furnival Road
Water Supply	Municipal water service
Sewage Supply	Private on-site individual septic system
Existing Land Area	4,074 sq. m (43,815 sq. ft.)

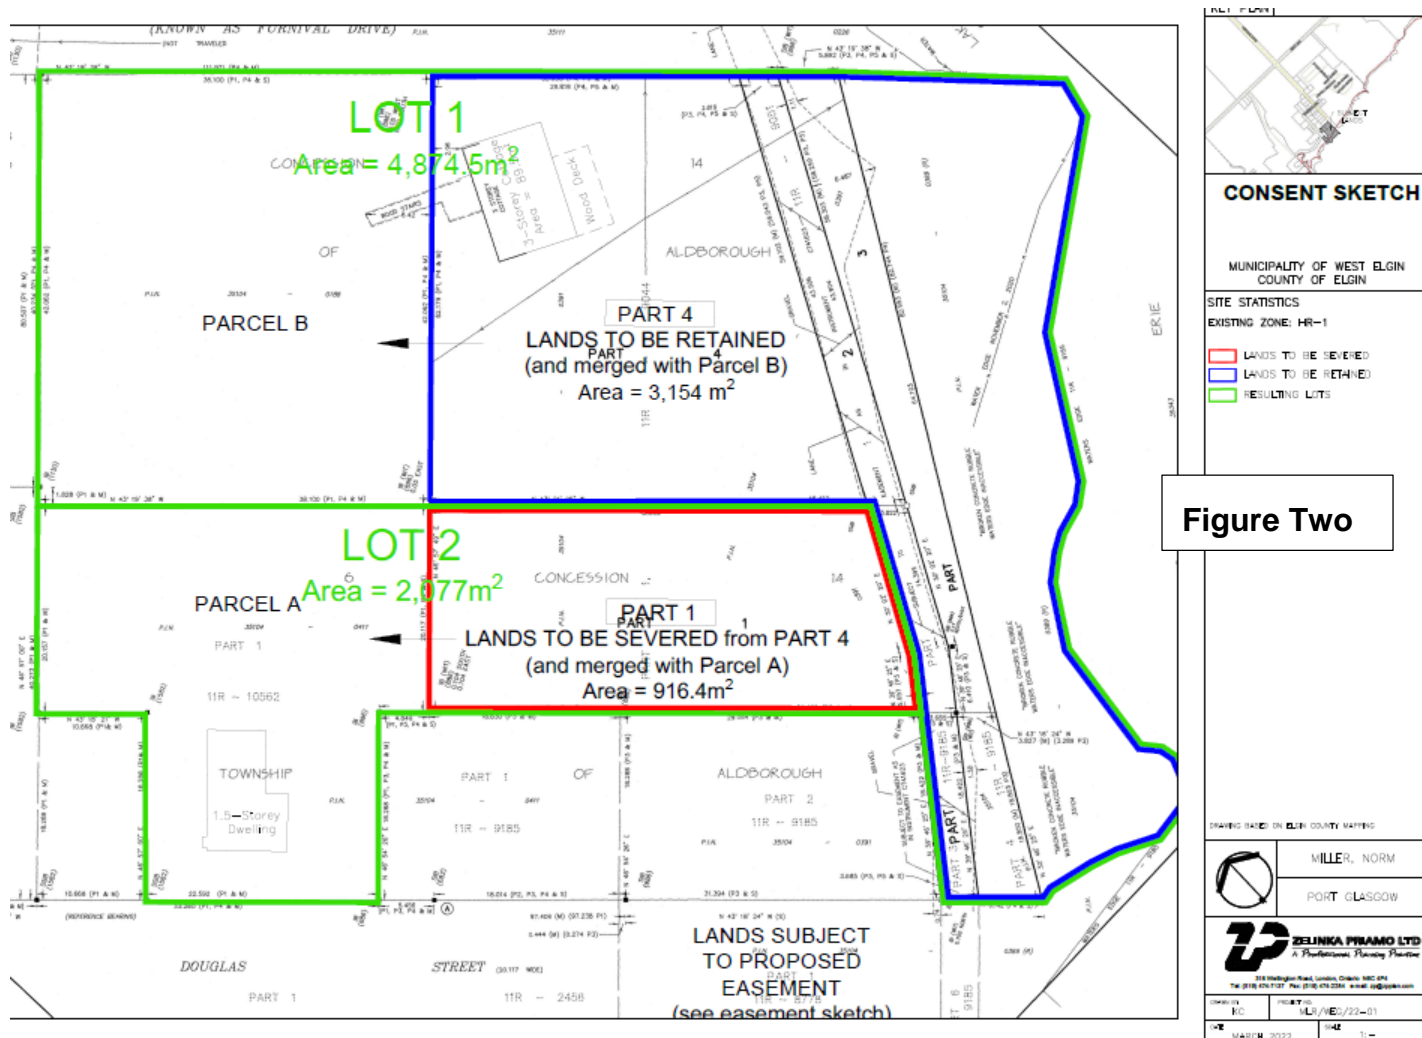

Figure One below, depicts the existing parcel and the proposed reconfiguration. The red outline is the existing subject parcel. The yellow outline is to be severed and conveyed to the lot to the north outlined in blue. The retained parcel will then be merged with a separate lot to the north outlined in green.

ELGIN MAPPING 8577 Furnival Road

The Public Hearing is scheduled for July 27, 2022, at the Elgin County Land Division Committee Meeting.

Figure Two shows the survey sketch prepared as part of the application for severance. The retained parcel is subject to an existing easement over Part 2 on the sketch. This easement will remain in place and continues to be subject to the same requirements outlined by the easement.

Financial Implications:

Application fees were collected in accordance with the Municipality's Fees and Charges By-law, as amended time to time. The reconfiguration will consolidate the existing assessment over two parcels that may result in a minimal change.

Policies/Legislation:

Planning authorities must have regard to matters of Provincial interest, the criteria of the *Planning Act*, be consistent with the Provincial Policy Statement (PPS) and does not conflict with Provincial Plans. Within the Municipality of West Elgin, they must also make decisions that conform to the County of Elgin Official Plan (CEOP) and Municipality of West Elgin Official Plan (OP) and make decisions that represent good land use planning.

With regard to this proposal involving severances, the Planning Authority is the County of Elgin Land Division Committee, wherein the Municipality provides agency comments to the County of Elgin as part of their decision-making process.

PPS:

Lot line adjustments such as that proposed raise no issue of Provincial significance. Development ability on the properties in question will remain subject to the same requirements including any limitation due to proximity to the bluffs along Lake Erie. The proposal is consistent with PPS.

CEOP:

The subject lands are designated Agricultural Area on Schedule 'A' Land Use in the CEOP. Section E1.2.3.4 outlines that consents are permitted for legal or technical reasons including minor boundary adjustments which do not result in the creation of new lots. The current lot configuration involves three separate parcels. As a result of the proposed severance those same lands will be consolidated into two lots with a revised lot pattern but no new lots or change to the existing development potential. As such the proposed severance conforms with the policies of the County Official Plan.

OP:

The subject lands are designated as Lakeshore Area, as shown on Rural Area Land Use and Transportation Schedule 'E' of the OP. Section 10.4.3 permits lot line adjustments so long as they are undertaken in such a manner as to not create or worsen any existing deficiencies such as lot area, frontage access or building setbacks; that the lot addition lands are consolidated with the receiving lot and that future severances from the same parcel will require a new application for consent. The proposal will not negatively impact any current zoning regulations. Both the severed lands and retained parcel will be consolidated with separate abutting parcels to the north.

The use of the properties in question will not change and will continue to conform with the Lakeshore Area policies of the OP. Lastly the lands are with the Port Glasgow Secondary Plan area however the proposed lot line adjustment does not raise any issues relevant to the Secondary Plan. Therefore, this proposal conforms to the OP.

Municipality of West Elgin Comprehensive Zoning By-law 2015-36 (ZBL):

The subject lands are zoned Hamlet Residential (HR) and Hamlet Residential Defined Area 1 (HR-1) on Schedule G of the ZBL as depicted in Figure Three.

Permitted uses within the General Hamlet Residential (HR) and (HR-1) Zone include single unit dwellings. The Defined Area 1 is an exception from minimum frontage requirements. The only change resulting from the proposed severance will be an increase to the overall lot area of the resultant two lots as illustrated in Figure 2.

Therefore, the proposal would comply with the Municipality of West Elgin Comprehensive Zoning By-law 2015-36.

Interdepartmental Comments:

The severance application was circulated to municipal staff for comment. The following comments were received:

Building Department:

- As a standard requirement for severances involving lot line adjustments which are on private septic service a septic certificate should be provided to ensure that the system is not impacted by the lot line adjustment.

At the time of submission of this report, no other comments or concerns were received from Administration. One call was fielded from a resident of the trailer park to the east with concern as to the continued access to the existing pathway across the retained parcel. Public Works confirmed that there is an existing agreement and easement with the Municipality for access to and

maintenance of the shoreline in this area. The existing pathway is informally open to pedestrian traffic but is not maintained for any type of motorized vehicles (golf carts) between the trailer park and marina.

Summary:

To proposed lot line adjustment/lot addition is consistent with the PPS, conforms to both the CEOP and West Elgin OP, complies with the ZBL; and that Council recommends to the County of Elgin that the consent be approved, subject to the lower-tier municipal conditions listed in this report.

The County of Elgin, as the Planning Approval Authority, will have to review the application accordingly against the planning documents (PPS, CEOP, OP and ZBL) and obtain comments from the other agencies and members of the public through the public consultation process, as part of their decision-making on the planning application.

Report To: Committee of Adjustment

From: Robert Brown, Planner

Date: 2022-07-14

Subject: Consent Report – Talbot Line Easement (E44-22)

Recommendation:

That West Elgin Council hereby receives the report from Robert Brown, Planner regarding the consent application, E44-22 – Comments to Elgin County (Planning Report 2022-30);

And that West Elgin Council hereby recommends approval to the Land Division Committee of the County of Elgin for the consent application, File E44-22, subject to the Lower-Tier Municipal conditions in Appendix One of this report.

And further that the West Elgin Council directs Administration to provide this report as Municipal Comments to the County of Elgin.

Purpose:

The purpose of this Report is to provide Council with recommendations related to authorizing municipal comments to the County of Elgin regarding County of Elgin Severance Application E44-22, as Elgin County is the planning approval authority for consents.

The purpose of the consent application is to facilitate the establishment of a permanent access easement over an existing laneway. The laneway over the subject parcel provides access to a seasonal cabin located on the adjacent parcel to the east.

Background:

Below is background information, in a summary chart:

Application	E44-22
Owner	Jean & Lila Geogevich
Applicant	Zelinka Priamo Ltd.
Legal Description	Part Lot of 7, Concession 13
Civic Address	No address
Entrance Access	Talbot Line
Existing Land Area	21 ha (52 ac.)
Proposed Easement	2292.1 sq. m (24,672.7 sq. ft.)

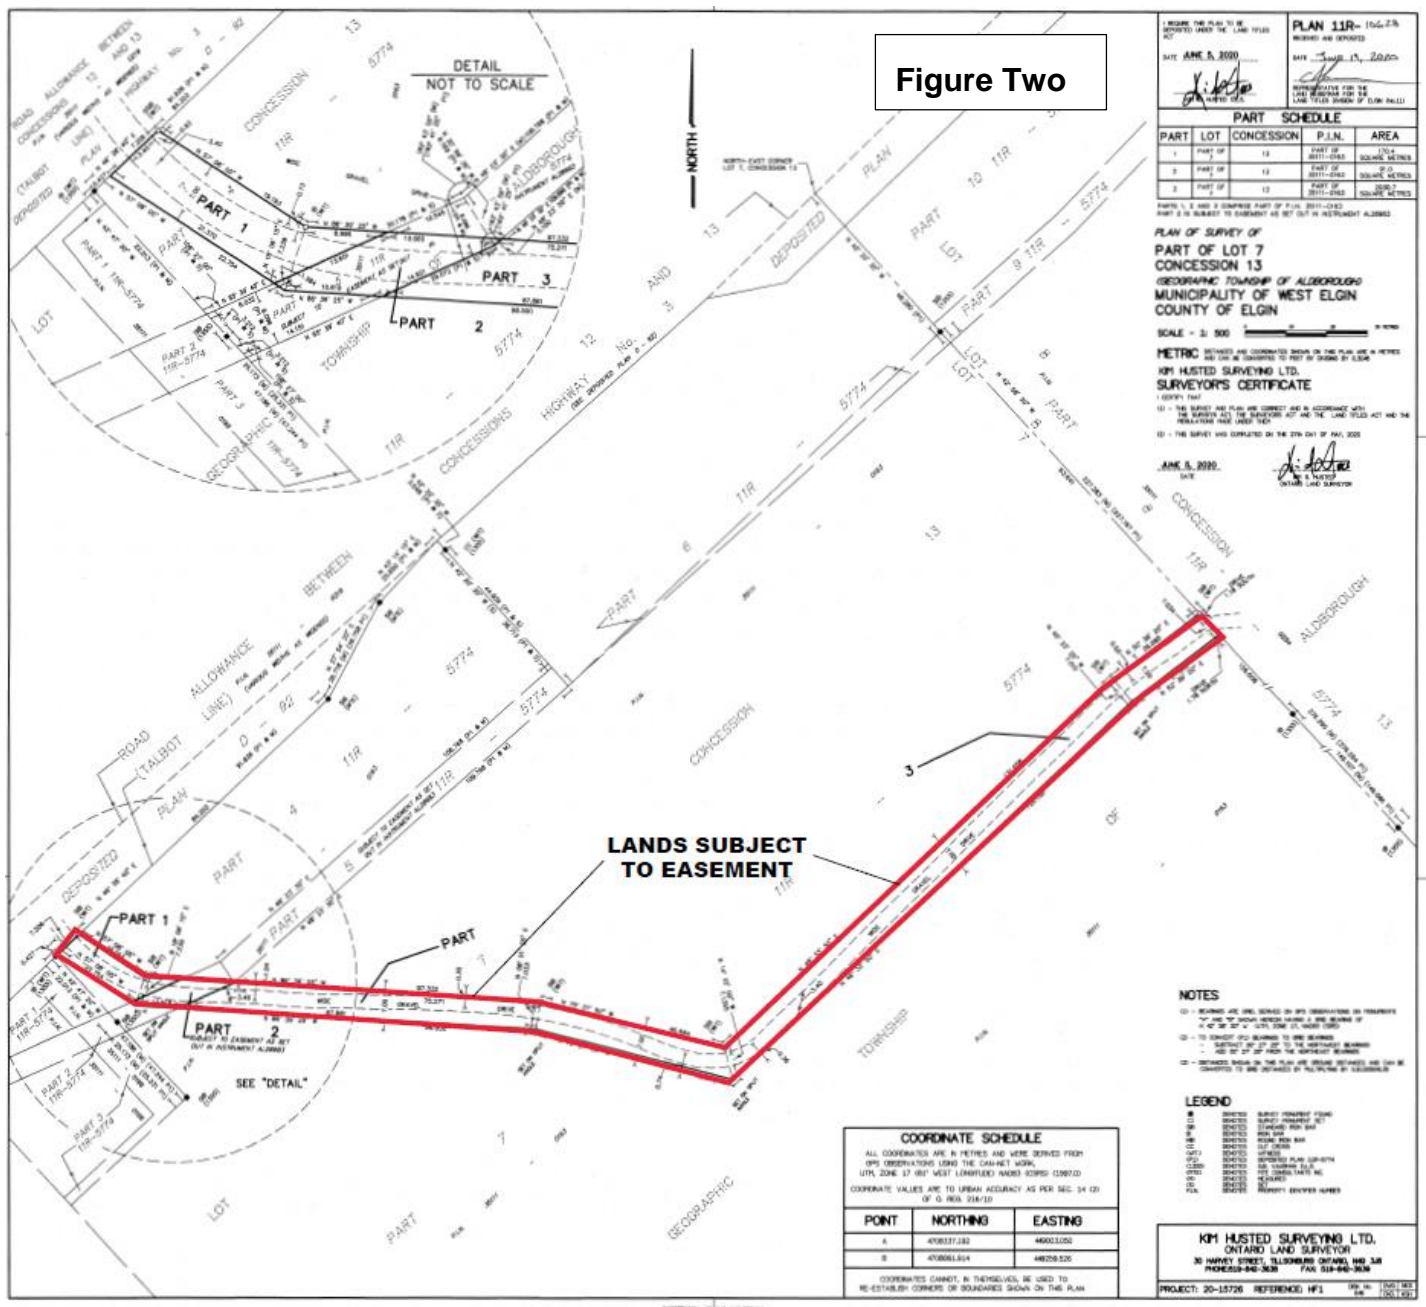

Figure One shows the location of the subject property (outline in blue dash), the approximate location of the existing laneway over which the easement is proposed (red line) and the location of the existing seasonal cabin on the adjacent lands. (green circle)

 **ELGIN MAPPING** Lot 7, Concession 13

The Public Hearing is scheduled for July 27, 2022, at the Elgin County Land Division Committee Meeting.

Figure Two shows the survey sketch prepared as part of the application for consent. The easement and location of the existing laneway are highlighted in red.

Financial Implications:

Application fees were collected in accordance with the Municipality's Fees and Charges By-law, as amended time to time. The establishment of the permanent easement will not impact the assessment of the property.

Policies/Legislation:

Planning authorities must have regard to matters of Provincial interest, the criteria of the *Planning Act*, be consistent with the Provincial Policy Statement (PPS) and does not conflict with Provincial Plans. Within the Municipality of West Elgin, they must also make decisions that conform to the County of Elgin Official Plan (CEOP) and Municipality of West Elgin Official Plan (OP) and make decisions that represent good land use planning.

With regard to this proposal involving severances, the Planning Authority is the County of Elgin Land Division Committee, wherein the Municipality provides agency comments to the County of Elgin as part of their decision-making process.

PPS:

Easements such as that proposed raise no issue of Provincial significance. The proposed easement is over an existing laneway so it does not create any new impact on the subject lands. The easement also maintains access to the existing seasonal cabin on the adjacent farm parcel without impacting on the surrounding natural heritage feature or requiring the installation of a new separate access to the cabin which would negatively impact the wooded area on the adjacent parcel. As such, the proposal is consistent with PPS.

CEOP:

The subject lands are designated Agricultural Area on Schedule 'A' Land Use in the CEOP. Section E1.2.3.4 outlines that consents are permitted for legal or technical reasons including the establishment of easements or rights-of-way which do not result in the creation of new lots. As such the proposed severance to establish a permanent easement conforms with the policies of the County Official Plan.

OP:

The subject lands are designated as Agricultural, as shown on Rural Area Land Use and Transportation Schedule 'E' of the OP. Section 10.4.3 permits lot line adjustments however the OP does not speak directly to the establishment of easements. However, the establish of a permanent easement can actually have less impact than a lot line adjustment and is consistent with the County OP, no new lot is created and the surrounding natural heritage feature is not further impacted.

The use of the subject property will not change and will continue to conform with the Agricultural Area policies of the OP. Therefore, this proposal conforms to the OP.

Municipality of West Elgin Comprehensive Zoning By-law 2015-36 (ZBL):

The subject lands are zoned Agriculture (A1) on Map 76 of the ZBL as depicted in Figure Three.

There are no zoning issues as a result of the proposed easement request. Therefore, the application conforms with the West Elgin Zoning By-law.

Interdepartmental Comments:

The severance application was circulated to municipal staff for comment. The following comments were received:

Public Works:

- Requested confirmation that the lands over which the easement was proposed will continue to retain use of the access. There is no change in ownership and the existing access will continue to be used by both the owner and the party requesting the establishment of the easement.

At the time of submission of this report, no other comments or concerns were received from Administration.

Summary:

The proposed easement is consistent with the PPS, conforms to both the CEOP and West Elgin OP, complies with the ZBL; and that Council recommends to the County of Elgin that the consent be approved, subject to the lower-tier municipal conditions listed in this report.

The County of Elgin, as the Planning Approval Authority, will have to review the application accordingly against the planning documents (PPS, CEOP, OP and ZBL) and obtain comments from the other agencies and members of the public through the public consultation process, as part of their decision-making on the planning application.

July 12, 2022

Dear Mayor McPhail and Municipality of West Elgin Council,

I write to you in my capacity as Chair of the Elgin Group Police Services Board (Elgin Group) to advise you that Elgin Group's contract with Ontario Provincial Police (OPP) expires on December 31st, 2022.

The new Community Safety and Policing Act (CSPA) is set to come into effect soon, and all contracts will become null and void at that time. Instead of entering into a new contract with the Ministry at year's end, the Elgin Group Member Municipalities have the option of extending the current contract for a period of one (1) year.

To extend the contract, Member Municipalities will be required to pass a By-law to amend the Agreement and extend the contract until the 31st of December 2023. I have enclosed a draft copy of the Elgin Group Amending Agreement, as provided by OPP. Additionally, I have enclosed a draft By-law prepared by Elgin Group's Secretary Administrator and reviewed by the County's Solicitor. Upon review of the draft Agreement, each Council is required to pass the By-law to amend the Agreement.

Please send a copy of the By-law, signed by both the head of Council or presiding officer of the meeting at which the By-law is passed and the Clerk, under the Corporation's seal to Police Services Board Secretary Administrator – Carolyn Krahn (ckrahn@elgin.ca). Once each Member Municipality has passed the By-law, the Ministry will assemble the final copy of the Amending Agreement and will send it to the Member Municipalities for their signatures.

If you have any questions, please do not hesitate to contact me directly.

Yours very truly,

Sally Martyn

Staff Report

Report To: Council Meeting
From: Magda Badura, CAO/Treasurer
Date: 2022-07-21
Subject: CBO Recruitment and Remuneration

Recommendation:

That West Elgin Council hereby receives the report from M. Badura, CAO/Treasurer re: Chief Building Official Recruitment update report;
and That West Elgin Council approves the new full-time Chief Building Official position;
and That West Elgin Council approves the revision to the 2022 Employee remuneration schedule attached in this report.

Purpose:

The purpose of this report is to provide council an update on Building Inspector recruitment process and provide recommendation

Background:

Last year, the Municipality of Dutton-Dunwich began recruiting for a new Building Inspector in response to the increased demand of building permits and building inspections within both Municipalities.

Following an extensive recruitment process involving multiple candidates and multiple rounds of interviews an Offer of Employment was made on July 8, 2022 to a chosen candidate but unfortunately the offer was declined by the candidate on July 11, 2022.

Over the last 9 months Municipality of Dutton-Dunwich have been trying to hire additional help to their building department, unfortunately building inspectors are not interested to give up their current jobs for a comparable salary. It is evident that building inspectors are in the driver's seat these days. The overall shortage of building inspectors, results in bidding wars among municipalities. We are unable to compete with larger municipalities that offer significantly higher salary. However, a job advancement might be an incentive to attract qualified candidates. Therefore, instead of continuing with the recruitment for the building inspector it is recommended that the new job posting is developed and a Chief Building Official position be added to the full-time remuneration schedule and advertised immediately.

Financial Implications:

None – Additional full-time position was included in 2022 Operating Budget.

Terrace Lodge Remains on Budget and On-Time with Tremendous Community Fundraising Support

As the 2022 construction season enters its second half, Phase One of the Terrace Lodge Redevelopment Project is progressing in general conformity to the approved construction schedule, and at this time is on track to move to Phase Two in late 2022. A 4-week schedule delay experienced thus far in 2022 was predominantly the result of a Construction Labour Action by a number of trades throughout the Province, resulting in suspension of work for a number of trades. A detailed summary of construction progress achieved to this point of 2022 is as follows;

- January 2022 – Exterior sheathing installation, interior metal stud framing and door frame installation, roofing system installation progressing.
- February 2022 – Exterior window frame and glazing installation proceeding. Mechanical and electrical rough-in proceeding, receiving addition elevator shaft construction started.
- March 2021 – Exterior window frame and glazing installation continuing, mechanical and electrical rough-ins continuing, roofing system cap sheet installation progressing.
- April 2022 – Brick veneer installation (south wing), installation of air/vapour barrier (north wing), the start of drywall installation (North wing)
- May 2022 – Brick veneer installation ongoing, drywall ongoing, receiving area addition wall framing and sheathing completed.
- June 2022 – Exterior brick veneer and siding installation ongoing, drywall ongoing, receiving addition roof nearing completion.

The project can be followed on the communications website:
<https://engageelgin.ca/tlredevelopment>.

The Fundraising Committee continues to plan, coordinate, implement and evaluate its activities in support of the Comforts of Home fundraising campaign. This campaign is designed to enhance the Terrace Lodge Redevelopment Project with amenities that will provide a more home-like environment for the residents. \$288,741.00 has been donated towards the campaign to date. You can follow the progress as regular updates are made to the online catalogue at www.donatetoterracelodge.ca.

Human Resources Policy Updates

Mileage Policy

County Council approved the amended HR Policy 10.50 Mileage, adopting the Canadian Revenue Agency's recommended mileage rate of \$0.61 per kilometre. The County's previous rate of \$0.45 per kilometre had not been adjusted in over a decade.

Dress Code Policy

County Council also approved an amended HR Policy 2.20 Dress Code. Amendments focused on modernizing the existing code to be consistent with comparator trends, and equity, diversity and inclusion (EDI) requirements.

The Dress Code policy must support staff in safely and comfortably fulfilling the duties of their jobs. Given the diversity of position responsibilities across the organization, the dress code policy cannot be overly prescriptive, but must instead focus on overall corporate expectations, safety, and professionalism. Any references to gender-specific requirements have been removed or amended; ensuring Human Rights Code compliance and support for EDI.

Complete updated policies are included in the June 28, 2022 County Council Agenda Package.

Council Approves Updated Strategy for Economic Development and Tourism

Elgin County Council has approved a new Economic Development Strategy for 2022–2025. This strategy affirms the County's commitment to re-evaluate how it spends its time and resources so that Economic Development and Tourism can better support local entrepreneurs and foster an environment of opportunity for the County, its residents and businesses.

This Strategy will direct the efforts of the department over the next four (4) years, and staff will develop a detailed action plan to support the Strategy, which will include performance indicators, timelines, and required resources. The performance indicators will ensure that the priorities and actions outlined in the strategy meet the needs of the community. As staff engage with the community, they will review what they hear and improve the strategy to ensure that the County provides the best support possible to Local Municipal Partners and the business community.

The complete 2022–2025 Economic Development and Tourism Strategy is contained in the June 28, 2022 County Council Agenda Package.

Council Receives Affordable Housing Summary

As part of its 2022 Action Plan associated with the 2020–2022 Council Strategic Plan, Elgin County Council identified housing as one of its priorities for 2022. Council requested a summary of actions being taken by the County, its partners, and senior levels of government related to affordable housing. A summary report was presented to Council that included Federal Government Budget initiatives related to affordable housing, a summary of the Province of Ontario's Bill 109, the More Homes for Everyone Act, and a list of housing initiatives currently being undertaken by Elgin County.

For the full summary please see the June 28, 2022 County Council Agenda Package.

Traffic Signal Modernization – Contract Award

County Council awarded the contract for Traffic Signal Modernization to Fortran Traffic Systems Inc. for a one-year term and authorized staff to extend the contract for an additional four (4) one-year terms, in accordance with section 7.6 of the Procurement Policy, subject to satisfactory performance during the initial one-year contract term, pricing and budget approval.

Council Approves Draft Plan of Subdivision for Straffordville

The subject lands are located on lands known municipally as 8341 Sandytown Road in Straffordville approximately 100 m north of the intersection of Sandytown and Heritage Line in the community of Straffordville. The owner is requesting draft approval of a 5.9 ha plan of subdivision composed of 39 single-detached building lots to be developed in two phases (one phase of 13 lots, and the second phase of 26 lots), as well as a stormwater management block; a block containing a pumping station; and associated road widening.

Ministry of Agriculture, Food and Rural Affairs
1 Stone Road West
Guelph, ON N1G 4Y2

Dear Minister:

Re: Ontario Wildlife Damage Compensation Program

We are writing to you today on behalf of our municipality regarding the administration fees related to wildlife damage claims. This program is necessary to protect our farm producers from the devastating losses incurred when they lose livestock to predators.

At the June 28, 2022 Regular Council Meeting the attached Resolution was passed by Council.

Our Council's concern is the administration fee paid to municipalities to administer the program on the Ministry's behalf which was recently increased from \$30.00 per claim to \$50.00 per claim.

We have recently contracted for a new Livestock Investigator resulting in the following costs directly related to wildlife claims:

Hourly Rate: \$25.00/hour
Mileage Rate: .50/km

On the most recent invoice for this service there were three wildlife claims with costs as follows:

1. April 28, 2022 – 3 hours + mileage = \$95.00
2. May 5, 2022 – 2.5 hours + mileage = \$75.00
3. May 8, 2022 – 3.5 hours + mileage = \$120.00

There is also time spent by municipal staff in preparing the wildlife claims for submission and monitoring the claims for payment to the livestock owner.

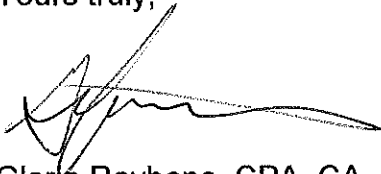

This results in a loss on each wildlife claim for our taxpayers to bear to be able to provide this necessary service to our farm producers.

Ministry of Agriculture, Food and Rural Affairs
Page 2
July 4, 2022

We respectfully request that the Ministry consider increasing the administration fee on wildlife claims to help offset the increasing costs associated with Livestock Investigation.

We look forward to hearing from you about this matter at your earliest convenience.

Yours truly,

ENVIRONMENTAL ASSESSMENT ACT

NOTICE OF AMENDMENTS

Hydro One Networks Inc.'s Class Environmental Assessment for Minor Transmission Facilities

RE: Amendments to the Class Environment Assessment for Minor Transmission Facilities

Proponent: Hydro One Networks Inc.

EA File No.: EA-03-03-02-02

Hydro One Networks Inc., as part of the Ministry of the Environment, Conservation and Parks' (ministry) environmental assessment modernization initiative, submitted amendments to its approved Class Environmental Assessment for Minor Transmission Facilities for a decision under the *Environmental Assessment Act* (EAA) by the Minister of the Environment, Conservation and Parks.

Section 15.4 of the EAA establishes the authority and process for making amendments to a class environmental assessment, including amendments made on the ministry's own initiative. To amend a class environmental assessment, the minister must be satisfied that the amendments are consistent with the purpose of the Act and the public interest.

The ministry consulted on the proposed amendments with Indigenous communities, members of the public, government agencies, and stakeholders. Following those consultations, the ministry has reviewed the proposed amendments and has recommended various amendments be made to the Class Environmental Assessment for Minor Transmission Facilities that address the feedback received on the consultations, potential impacts to the environment, and the purpose of the EAA. The ministry has also made various administrative amendments to update references to legislation, correct inaccuracies, and clarify text.

Having considered the amending procedures set out in section 15.4 of the EAA and the Class Environmental Assessment for Minor Transmission Facilities, the proposed amendments to the Class Environmental Assessment for Minor Transmission Facilities, the submissions on the proposed amendments and the purpose of the EAA and the public interest, I am hereby amending the Class Environmental Assessment for Minor Transmission Facilities, as attached.

REASONS

My reasons for amending the Class Environmental Assessment for Minor Transmission Facilities are as follows:

- (1) I am satisfied that adequate public notice of the proposed amendments has been provided and members of the public have had an opportunity to comment on the proposed amendments. The public, provincial government agencies, municipalities and all Indigenous communities in Ontario had an opportunity to submit comments to the ministry during the 45-day comment period provided for the proposed amendments from July 8, 2020, until August 22, 2020. The proposal was posted on the Ontario.ca website and the Environmental Registry of Ontario during this 45-day comment period
- (2) I am also satisfied that adequate consultation with proponents of projects that that may proceed pursuant to the Class Environmental Assessment for Minor Transmission Facilities has occurred, with an appropriate opportunity provided to proponents to review the proposed substantive amendments and to provide their comments.
- (3) The ministry has directly engaged with Indigenous communities on the proposed amendments, providing communities with information, an opportunity to attend webinar sessions or individualized meetings, an opportunity to comment and raise any concerns and has considered those comments and concerns. The Class Environmental Assessment for Minor Transmission Facilities processes provides a formal, recognized process for Indigenous communities to learn about projects and to be consulted on those projects both on an interests basis and in terms of potential impacts to existing Aboriginal and Treaty rights recognized and affirmed in section 35 of the *Constitution Act, 1982*. Additional information was provided in response to questions or concerns from Indigenous communities and concerns about the potential impact of proposed amendments on rights was considered by the ministry in their analysis and by me in my decision.
- (4) The ministry has responded to the concerns raised with respect to the proposed amendments, including proposing changes to amendments, and proposing a new screening process to address Indigenous community concerns related to archaeological resources.
- (5) The ministry has assessed the proposed amendments based on the low-risk criteria established by the ministry and has made its recommendations based on that analysis. The ministry has demonstrated that the final amendments recommended by the ministry are consistent with current legislative requirements and planning practices and will provide for a more effective planning process to deliver electricity transmission infrastructure and servicing in a more efficient and environmentally sustainable manner.
- (6) The administrative amendments proposed by the ministry are necessary and would correct errors in the class environmental assessment, update references to Acts, regulations, ministries, etc., would update the Class Environmental Assessment for Minor Transmission Facilities to be consistent with changes made to the EAA in 2019 and 2020 and/or are necessary to clarify the existing text of the class environmental assessment.

- (7) The ministry, based on its analysis of the proposed amendments, concluded that the amendments recommended for approval are consistent with the purpose of the EAA and would be in the public interest and based on my reasons set out above, I concur with this conclusion.

Notice of my decision to amend the class environmental assessment will be posted on the registry under the *Environmental Bill of Rights, 1993* before the amendments come into effect, as required by the *Environmental Assessment Act*, providing public notice of the changes made to the Class Environmental Assessment.
